TUNDRA GREY

EN UNIQUE NATURALITY, UNIQUE SURFACE

Tundra Grey, which gets its name and color from freezing Tundra Climate of North, takes you on a mysterious journey to icy waters and to the land where the snow and ice kingdom prevail. Frozen soils that appear under snow and thick ice sheets for months... And over them, the Tundra bushes that are rebelling against these tough conditions are fluctuating. As Ocak Marble, we call this icy mixture as Tundra Grey

TR EŞSİZ DOĞALLIK, EŞSİZ YÜZEY

Adını ve rengini Kuzey'in dondurucu Tundra ikliminden alan Tundra Grey, sizi buzlu denizlere, kar ve buz krallığının hüküm sürdüğü topraklara gizemli bir yolculuğa çıkarıyor. Aylarca kalkmayan kar ve kalın buz tabakalarının altında beliren donmuş topraklar... Ve onların üzerinde, bu zorlu şartlara başkaldıran Tundra çalıları dalgalanıyor. Ocak Mermer olarak biz bu buzlu karışıma Tundra Grisi diyoruz.
